

Year 7 Term 3

If you have completed all your science homework set by your teacher, you can choose from this grid

Research insect pollinators. Why are they so important to the human race?	Find some tricks that involve refraction and practise them on your family.	Make a model of an ear. Label the key parts and describe their role.
Go for a walk and make a list of all the elements, compounds and mixtures you see.	Write a biography for Dmitri Mendeleev.	Design a poster to stop women smoking and drinking alcohol through pregnancy.
Write a guide for teenagers on how the human body changes through puberty.	Design a board game on the decibel scale	Take photographs of flowers and label the photographs with the names of the reproductive organs.
Describe two specialised cells involved in human reproduction.	Watch the elements song on youtube - can you do it?	Use a mirror to try to write in reverse.
