<p>Watching a film or TV program is a fun way to learn more vocabulary. Watch <i>Les Choristes</i> or <i>Les Aventures de Tintin</i>. Put the subtitles on and see what you can understand!</p>	<p>Research French- or German- speaking celebrities such as politicians, actors, or famous people in history. Make a fact-file and show your teacher!</p> 	<p>www.linguascope.com is a great place to remind yourself of all of the basics you have learned in class. Play games to revise adjectives, the time, and much more!</p>
<p>Research current events in a French- or German-speaking country. Draw pictures of everything that happens in a month and share it with your class!</p> 	<p>Change the language settings on your phone, computer, or social media accounts as a great way to practise technology vocabulary. Just make sure you can change it back again!</p> 	<p>Write a story about anything of your choosing. Practise using creative vocabulary and different tenses that you can use in your next piece of written work at school!</p> 
<p>Irregular verbs don't follow the normal pattern, but they're very useful to know. Practise memorising them by making a set of flashcards!</p> 	<p>Design your dream school and everything it would include. Label all of the important features and write about what the teachers would be like.</p>	<p>Music is a fantastic way to learn about another country's culture. Listen to the music when you do your languages homework!</p>
